

Midwives Immunisation Course

This course provides midwives with the most up-to-date immunisation knowledge relevant to their practice including the National Immunisation Schedule changes, vaccine composition, safety of vaccines in pregnancy, administration of vaccines and talking with parents about vaccines. This event is approved as continuing midwifery education by the Midwifery Council.

Friday 17th May 2019
8am - 4pm

Level 9, Ward 98, Auckland City Hospital

To register, please enrol on the ADHB Kiosk or via email
midwiferyeducation@adhb.govt.nz
